Certified Installer E-News

June 11, 2009 -- 7th Edition

Welcome to the seventh edition of the Vinyl Siding Institute's (VSI) Certified Installer E-News. Note that all official program communications continue to come from Karen Yetter at ATI, the program Administrator, at kyetter@archtest.com.

Recertification Remember, your certification expires three years from your initial certification. Contact ATI to apply and to receive your open-book recertification examination, and return the test to ATI by your expiration date to remain on the [Official Registry of Certified Installers!](#) For any questions on recertification or to report any mailing or email address changes, please contact Karen Yetter of ATI at kyetter@archtest.com.

Has Your Expiration Date Passed? It's not too late! While your name is taken off the *Official Registry of Certified Installers* on your expiration date, you have six months from that date to complete the recertification examination. Contact Karen Yetter at kyetter@archtest.com to receive your open- book examination.

Certified Installer Resource Webpage Have you checked the [Certified Installer Resource](#) webpage lately? This webpage contains documents on why your customers should side with vinyl, why vinyl siding is better than fiber cement, and why vinyl siding is green. Also, purchase the latest versions of the Installation Manual and *Installing Vinyl Siding* instructional DVD, both great resources for your customers, by filling out a [Publications Order Form](#) and ordering at the reduced price.

Join Our Grassroots Team Have you signed up for the [VSI Grassroots Team](#)? VSI has established the Vinyl Siding Grassroots Team to educate you about vinyl siding --- so you can be part of the force preventing and fighting restrictions. By signing up, you'll receive our email newsletters alerting you to potential restrictions on vinyl siding and

tips on how to become more active in fighting them in your community. You'll also receive a Grassroots Team packet containing educational literature. [Click here](#) to join today!

Press Release Don't forget to inform your local newspaper of your new or recertified VSI Certified Installer status! A copy of a template press release can be found on the [Certified Installer Resource webpage](#).

Note: All Certified Installer E-Newsletters will now be emailed by Elizabeth Nelson, Assistant Manager of Certification, enelson@vinylsiding.org, so make sure I'm on your safe list, please!
