

A Credit Worthy Seminar

AEC Daily now offers a one-hour Continuing Education credit for an online seminar on designing with vinyl siding.

The continuing education course – *A Guide to Designing with Today's Vinyl Siding* – provides an overview of vinyl siding, including its history, certification programs, features and benefits, types of vinyl siding, architectural trim and accessories, as well as a discussion on how to incorporate vinyl siding in designs inspired by the Colonial, Romantic, Victorian and Eclectic periods of architecture. The course is approved for credit by: AIA, AIBD, CSI, HSW and many others.
